

Erasmus +

FRANCE

The erasmus+ project is an exchange between 3 classes from France, Turkey, and Germany for two years. The subject of the exchange is Unmask fake news. If everything is going well we will go to Turkey and Germany then; they will come too in France. We will regularly write you newsletter to inform you of the unfolding of the project.

As things progress, we will hide some fake news in our newsletter you will have to find.

LOGO

Every school have made a logo for the project Erasmus +. All the student has voted for their favourite logo. The winners are the logo 9 made by Turkey with 6 stars, then the logo 1 made by France with 4 stars and finally the logo 5 made by German with 3 stars.

SITUATION IN FRANCE

Because of covid19 in France, there is a 7 p.m. curfew every day and wearing of a mask is compulsory everywhere, but all businesses remain open except bars and restaurants. In our school, we have respective rooms, and we come to class every third day because the class is divided into three groups due to the sanitary restrictions of the canteen. In the canteen we eat by class and we are separated by a chair each.

SITUATION IN TURKEY

In Turkey, most of us can't go to school right now because the number of confirmed cases is extremely high. The schools are open for 8th and 12th graders but the rest of the students continue with online education. There is a nationwide curfew between 9 PM and 5 AM. In provinces that are listed as high risk, the curfew covers the weekend, as well. Most businesses are open but you may need something called a HES code to enter some establishments. HES (Hayat Eve Sığar-Life Fits Into Home) is a code that helps establishments see your Covid-19 risk status.
